## UPDATE ON SUPREME COURT CASE

### Your Support is Needed

**Santa Fe Alliance for Public Health and Safety's** appeal will be filed in the U.S. Supreme Court one month from today. We will ask the high court to strike down as unconstitutional the preemption clause in the Telecommunications Act of 1996. This will restore to cities and states the right to protect their citizens' health, and it will restore to injured people the right to a remedy for their losses.

Our wonderful attorneys are Phillip Gregory of the Gregory Law Group in Redwood City, California, and Merrill Bent of Woolmington, Campbell, Bent & Stasny in Manchester, Vermont. They and I are hard at work crafting our legal arguments and otherwise preparing the ground in order to have the best chance to have the Supreme Court accept our case.

Part of the ground work, as outlined in my last newsletter, is getting many organizations to file amicus (friend of the court) briefs in the Supreme Court in support of our lawsuit. We are approaching cities and counties; members of Congress; environmental organizations; EMF organizations; and others.

The **South Carolina Coalition for Wireless Safety Standards** has hired an attorney and is taking the lead in organizing the amicus brief that will be filed on behalf of the EMF organizations and others. The (approximately 60) organizations and numerous individuals who have already contacted me or Kathleen will be put in touch with them. We need as many organizations as possible to join their brief. If you would like

to join, either as an organization or as an individual, and have not yet contacted us, please contact Lex Kisteneff, their director, at [lex@sccwss.org](mailto:lex@sccwss.org), (803) 622-3950.

They are a 501(c)(3) charitable organization, and donations to them are tax-deductible for U.S. residents. Their Tax ID number is 84-4451900. They are extremely committed to stopping 5G. Donations should be sent by check to:

South Carolina Coalition for Wireless Safety Standards  
501 Dogwood Street  
Columbia, SC 29205  
(803) 622-3950  
[lex@sccwss.org](mailto:lex@sccwss.org)

Organizations from both the U.S. and other countries are welcome to join their brief in support of this critical effort on behalf of everyone's health, environment, and the future of life on Earth.
